Everyone deserves the chance to build a positive future. DFN Project SEARCH supports young people with learning disabilities and/or autism to move confidently into employment.

DFN Project SEARCH is a one-year, transition to work programme offering workplace experience, personal development & employability training. The programme is delivered in partnership with Dundee & Angus College, the Employment Support Service (Dundee Health and Social Care Partnership) and NHS Tayside.

Join us to learn more about the programme starting in August, ask questions and explore funding options and how to apply.
