

Think out loud while you take a questionnaire!

UNIVERSITY of
STIRLING

*Take part in a study exploring how people understand **melanoma-related questions** in real time.*

What's involved?

We're looking for people **who have (at any point in time) been diagnosed with melanoma** to join a 30-60-minute session involving:

- Completing a questionnaire related to **melanoma**
- Saying your thoughts out loud as you read and respond to each question
- A short practice task using a different survey to help you warm up

Who can take part?

- Anyone aged 18+ with the ability to speak and read English fluently, has access to the internet, **and has prior history of melanoma.**
- You will be offered an Amazon voucher as a thank-you for your time!
